Stay Hotels has just launched the “STAY IN in our cities” campaign, which invites you to discover what’s new in the main cities in the country and to (re)discover its charms with a 5-night promotional voucher for 125 €.

The voucher must be purchased directly from stayhotels.pt, for stays from north to south of Portugal, between October 20, 2020 and January 31, 2021.

When purchasing a “STAY IN” voucher, you can enjoy the 5 nights as best suits you: you can enjoy 5 nights in a row at a single hotel, book the 5 nights at different dates and hotels or book up to 5 rooms in just one or more days, for family stays or with close friends. After receiving the voucher via e-mail, reservations must be made directly with the desired hotel(s), by e-mail, telephone, or at the counter.
